There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. ## MIDDLE TENN. FARM NEWS

Prepared Exclusively for the Chronicle by  
Division of Extension, College of  
Agriculture, University of Tennessee,  
Knoxville.

Persons who know South America say that there is a chance for Americans to do a great work there. Traders and missionaries in China write back many glowing things as to the wonders of that land for the American. Men who have axes to grind tell Tennesseeans that Texas, or Iowa, or Florida, is the state for them. The lure of the distant community is great. The pasture across the fence is better than the clover that is nearest.

Human nature runs that way. Common sense and thoughtful judgment say that your community is the best for you and will be what you make it. What are the needs of your community? That is the first question for you to decide, is it not?

#### THE REAL COUNTRY MERCHANT.

There are merchants who are living up to their opportunities.

Dr. Tait Butler recently said in an address that the place of the middleman could not be filled by anyone else—that he had a definite place, a real function. He has been slandered because he has not risen to his opportunities in his community.

The country merchant should buy and sell within his community. He

should do this so efficiently that outside influences will not interfere with his business. The business of the farmer in this county and that of the merchant should in a measure be the same. The community should be built up by the presence of each.

#### PLAYING SAFE WITH HOG CHOLERA.

To control hog cholera use the serum treatment, but see that it is administered by competent men. The State has certain regulations to help you. Through the State Department of Agriculture an order has been issued that men who understand the work may pass an examination and be issued a permit to practice in the state. The permit has a year limit on it, at the end of which it is to be extended upon proper application. State Veterinarian M. Jacob announces that all permits dated Feb. 10, 1916 to Feb. 10, 1917, will be extended another twelve months, unless otherwise ordered.

The honest man wants a permit. The honest man is proud that he has one. There are a few men in every community who are experienced in inoculating hogs. Get them for your hogs. No one can afford to take chances.

#### WHAT ARE YOU GOING TO DO?

Farm loan associations are being organized in various communities over Tennessee. It is well for farmers to think of their business interests.

In some places, however, it is the belief that associations have been

formed without purpose behind them. Let every man ask himself, "What am I going to do with the money after I get it?" The man who enters a loan association is simply hiring another laborer—money. Can that laborer be employed profitably? Have you definite use for him?

What are you going to do?

#### GOOD GRIDDLE CAKES.

More than half the foods have advanced 50 per cent. in price in the last two years, according to Bessie R. Murphy of the Memphis bureau of farm development, in a circular on "Inexpensive Foods," just issued. Miss Murphy says that the problem of the homemaker today is to select foods of high food value at low cost. "Eat more rice," she says and then gives several good rice recipes, one of the best being that for rice griddle cakes, which is as follows:

2 cups cold boiled rice 1 pint flour  
1 1-2 teaspoon baking powder  
1 teaspoon sugar 1-2 teaspoon salt  
1 egg 1-2 pint milk, or more if needed  
Sift flour, sugar, salt and baking powder, add rice free from lumps, diluted with the beaten egg and milk, mix into smooth batter. Have griddle well heated and greased. Bake a golden brown and serve with syrup.

## POMONA

Miss Gertrude Needham, daughter of Mr. and Mrs. J. N. Needham, and Charles Spencer, son of Taylor Spencer, of Creston, were united in marriage by Esquire Jere Morrow Wednesday morning, Feb. 21st, at the bride's home here. They left shortly after the ceremony for their new home at Creston. Mrs. Spencer is a teacher of much ability, as well as one of the county's most charming girls. Mr. Spencer, who has kept a store at Creston for several years, is a well-known and much respected young man; and it is the wish of their many friends that happiness and success may crown their married life.

Miss Nancy Morrow, of Creston, attended the Spencer-Needham wedding here last week.

#### HOW TO CHECK THAT COLD

When it is painful to breathe and fever sends chills up and down your back, you are in for a cold. A timely dose of Dr. Bell's Fine Tar Honey will stop the sneezes and sniffles. The pine balsam loosens the phlegm and clears the bronchial tubes, the honey soothes and relieves the sore throat. The antiseptic qualities kill the germs and the congested condition is relieved.
